

To Whom It May Concern:

I am writing to let you know that K-Love helps so many people in our local area. K-Love is heard locally on 90.5. It is the only opportunity in our area to hear Christian Contemporary music. So it is the lifeline of our young people and those of us that want to listen to positive and encouraging songs and words, but not necessary listen to Southern Gospel music.

We do not want this station to be displaced by an LPFM broadcaster providing other programming. Again, we need the opportunity to chose Christian alternatives and K-Love is that for us in the Meridian area.

We know that across the nation that at least a million people are listening to and supporting K-Love stations. We support our stations locally without commercials and sold programs. So this simple fact shows you that we love, support, and need the positive influence that this station provides for our community; not to mention supplying the wholesome values that our nation is steadily losing. Yes, we may be able to hear gospel songs and preaching locally but they are mixed in with commercials. These stations are not geared toward the young or the “young at heart”. Please do not allow our K-Love station to be taken away from us.

Sincerely,  
Barbara Bishop
